INTRODUCTION

This policy was written by the North Yorkshire Safeguarding Officers with acknowledgement that they have included information from NYCC Education and Skills and the CAPE sample school policy.

The policy updates the LA Sample policy issued 2015 and is in response to: Sections 175 of the Education Act 2002 and Education (Independent School Standards) Regulations 2014.

and:

- the North Yorkshire Safeguarding Children Board (NYSCB) Child Protection Procedures www.safeguardingchildren.co.uk;

This policy applies to all adults, including volunteers, working in or on behalf of the school.

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.

Keeping Children Safe in Education (KCSiE) DfE 2016

Safeguarding includes the establishment and implementation of procedures to protect children from deliberate harm, however, safeguarding also encompasses all aspects of pupils' health, safety and well-being (see Appendix K Related school safeguarding policies)

Fylingdales C of E VC Primary School is committed to ensuring the welfare and safety of all children in school. All North Yorkshire schools, including Fylingdales School, follow the North Yorkshire Safeguarding Children Board procedures. The school will, in most circumstances, endeavour to discuss all concerns with parents about their child/ren. However, there may be exceptional circumstances when the school will discuss concerns with Social Care and/or the Police without parental knowledge (in accordance with Child Protection procedures). The school will, of course, always aim to maintain a positive relationship with all parents. The school's child protection policy is available publicly.

SCHOOL COMMITMENT

The Designated Safeguarding Lead is

Mrs Claire Barber

and the person/s who deputise/s in his/her absence is

Mrs. Lisa Clarkson

School is committed to Safeguarding and Promoting the Welfare of all of its pupils. Each pupil's welfare is of paramount importance. We recognise that some children *may* be especially vulnerable to abuse e.g. those with Special Educational Needs and Disabilities (ref. KCSiE para 85), those living in adverse circumstances. We recognise that children who are abused or neglected may find it difficult to develop a sense of self-worth and to view the world in a positive way. Whilst at school, their behaviour may be challenging. We recognise that some children who have experienced abuse may harm others. We will always take a considered and sensitive approach in order that we can support all of our pupils.

1. Roles and Responsibilities

The Governing Body/proprietor should ensure that:

- the school complies with the Local Authority's arrangements to promote co-operation between itself, the school and relevant partners and organisations who are engaged in activities relating to children
- the school contributes to inter-agency working in line with statutory guidance [Working Together to Safeguard Children](#)
- there is a clear accountability for the commissioning and / or provision of services designed to safeguard and promote the welfare of children.
- there is a senior board level lead to take leadership responsibility for the school's safeguarding arrangements (e.g. nominated governor)
- the school has a child protection policy and procedures in place which are provided to and read by all staff – including temporary staff and volunteers – on induction. These are in accordance with government guidance and refer to locally agreed inter-agency procedures put in place by the NYSCB, are updated annually, and available publicly either via the school or college website or by other means
- all staff read at least part one and Annex A of KCSiE 2016
- mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Part one of KCSiE 2016.
- all staff undertake appropriate child protection training
- a senior member of the school's leadership team is designated to take lead responsibility for safeguarding and child protection (Designated Safeguarding Lead). This is explicit in the DSL's job description (Annex B KCSiE) and the need for a deputy DSL is reviewed

- the DSL has the appropriate authority and the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so – and to contribute to the assessment of children
- information regarding the role of the DSL is provided to all staff and volunteers on induction
- a designated teacher is appointed to promote the educational achievement of children who are looked after and that this person has appropriate training
- staff have the skills, knowledge and understanding necessary to keep looked after children safe
- appropriate staff have the information they need in relation to a child's looked after legal status
- the school prevents people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required; and ensuring volunteers are appropriately supervised
- the school has written recruitment and selection policies and procedures in place
- at least one person on any appointment panel has undertaken safer recruitment training
- the school has a staff behaviour policy (code of conduct) which should amongst other things include acceptable use of technologies, staff/pupil relationships and communications including the use of social media. This is provided to all staff – including temporary staff and volunteers – on induction
- the school has procedures for dealing with allegations of abuse against staff and volunteers that comply with guidance from the local authority and locally agreed inter-agency procedures (Appendix A)
- the proprietor/chair of governors liaises with the LADO and/or partner agencies in the event of allegations of abuse being made against the head teacher
- In the event of allegations of abuse being made against the headteacher, where the headteacher is also the sole proprietor of an independent school, allegations are reported directly to the LADO.
- there are procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have been had they not resigned
- children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through personal, social health and economic education (PSHE), and/or through sex and relationship education (SRE)
- children are safeguarded from potentially harmful and inappropriate online material. Ref KCSiE Annex C.

- appropriate filters and appropriate monitoring systems are in place so children are safeguarded from potentially harmful and inappropriate online material being careful that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding (Ref KCSiE para 67, 69).
- a policy and procedures are in place with regards to peer on peer abuse and followed by all staff (ref KCSiE paras 76-78)
- the school has due regard to the duties to prevent people from being drawn into terrorism and to report known cases of female genital mutilation
- appropriate safeguarding responses are in place to children who go missing from education ref KCSiE para 51 including the statutory duty to notify the LA, as appropriate, when a pupil’s name is about to be deleted from the school admission register.
- where services or activities are provided on the school premises by another body, the body concerned has appropriate policies and procedures in place in regard to safeguarding children and child protection and liaises with the school on these matters where appropriate.
- there is an annual review of policies and procedures and the NYSCB Schools’ Safeguarding Audit is completed
- without delay, any deficiencies or weaknesses regarding child protection arrangements are remedied.
- Child protection governor is Mrs. Wendy Weekes and she can be contacted at admin@fylingdales.n-yorks.sch.uk.

The Headteacher should ensure that:

- the policies and procedures adopted by the Governing Body or Proprietor, particularly concerning referrals of cases of suspected abuse and neglect, are fully implemented and followed by all staff;
- she liaises with the LADO and/or partner agencies in the event of allegations of abuse being made against a member of staff or volunteer
- she receives appropriate safeguarding and child protection training which is regularly updated
- Mrs. Barber can be contacted at headteacher@fylingdales.n-yorks.sch.uk.

The Designated Safeguarding Lead, DSL, (formerly referred to as DSP) and Deputy (if appropriate) will:

Manage referrals

- Refer cases of suspected abuse to the local authority children’s social care as required;
- Support staff who make referrals to local authority children’s social care;

- If after a referral the child's situation does not appear to be improving the DSL (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves;
- Refer cases to the Channel programme where there is a radicalisation concern as required;
- Support staff who make referrals to the Channel programme;
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- Refer cases where a crime may have been committed to the Police as required.

Work with others

- Liaise with the headteacher or principal to inform him or her of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations;
- For Looked-After children have available the details of the child's social worker and the name of the virtual school head in the authority that looks after the child
- As required, liaise with the "case manager" (as per KCSiE Part four) and the LADO for child protection concerns (all cases which concern a staff member); and
- Liaise with staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies. Act as a source of support, advice and expertise for staff.

Undertake training

- undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years.
- undertake Prevent awareness training.
- refresh their knowledge and skills (this might be via e-bulletins, meeting other DSLs, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:
- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference

and be able to attend and contribute to these effectively when required to do so;

- Ensure each member of staff has access to and understands the school's or college's child protection policy and procedures, especially new and part time staff;
- Are alert to the specific needs of children in need, those with special educational needs and young carers;
- Are able to keep detailed, accurate, secure written records of concerns and referrals;
- Understand and support the school or college with regards to the requirements of the Prevent duty, including online safety and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- Obtain access to resources and attend any relevant or refresher training courses;
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

Raise Awareness

- Ensure the school's child protection policies are known, understood and used appropriately;
- Ensure the school child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- Ensure the child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this; and
- Link with the NYSCB to make sure staff are aware of training opportunities and the latest local policies on safeguarding.

Child protection file

- Where children leave the school or college ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt should be obtained
- Ensure that CP records are retained until the young person's 25th birthday if the school is the final school

School must have regard to any other requirement requiring longer retention period:

The current requirement under IICSA (Independent Inquiry into Child Sex Abuse) is that records of child sex abuse should be retained for the period of the inquiry.

Please see details <https://www.iicsa.org.uk/letter-to-local-authority-ceos>

- Ensure that, if a child goes missing or leaves to be educated at home, the child protection file is forwarded to the Safeguarding Unit Manager, County Hall, Northallerton, DL7 8AE ensuring secure transit and obtaining confirmation of receipt.
- Ensure that the key worker in Prevention Service or Children's Social Care is informed where the child leaves the school.

Availability

- During term time always be available (during school hours) for staff in the school or college to discuss any safeguarding concerns. Whilst generally speaking the DSL (or deputy) would be expected to be available in person, it is a matter for individual schools, working with the DSL, to define what "available" means and whether in exceptional circumstances availability via phone and or Skype or other such mediums is acceptable.
- It is a matter for individual schools and colleges and the DSL to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities
- It is a matter for individual schools and colleges as to whether they choose to have one or more deputy DSL(s). Any deputies should be trained to the same standard as the DSL.
- Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate **lead responsibility** for safeguarding and child protection, as set out above, remains with the DSL. This responsibility should not be delegated.

All staff and volunteers should:

- read at least part one and Annex A of KCSiE 2016 and, in particular, will:
 1. have due regard to the duty to prevent people from being drawn into terrorism; report known cases of female genital mutilation and follow procedures when a child goes missing from education.
 2. where there are concerns about another staff member, refer these concerns to the Headteacher/principal
 3. where there are concerns about the Headteacher or principal, refer these concerns to the chair of governors or LADO where the Headteacher is also the sole proprietor

4. raise concerns about poor or unsafe practices and potential failures in the school's safeguarding regime

- be aware of systems within their school or college which support safeguarding and these should be explained to them as part of staff induction. This includes: the school's child protection policy; the school's staff behaviour policy (sometimes called a code of conduct); and the identity and role of the DSL
- receive appropriate child protection training which is regularly updated
- receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- be aware of the signs of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection
- maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the **best** interests of the child
- where there are concerns about a child, raise these with the DSL
- understand that, whilst anyone can make a referral to Children and Families' Service, the correct school procedure is to report their concerns to the DSL in the first instance. If after a referral the child's situation does not appear to be improving the DSL (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves.
Ref school escalation procedure and NYSCB procedure
<http://www.safeguardingchildren.co.uk/section-15-procedures.html>
- in exceptional circumstances, such as in an emergency or a genuine concern that action has not been taken, speak directly to Children and Families' Service. Where referrals are not made by the DSL inform the DSL as soon as possible, that a referral has been made.

Concerns should always lead to help for the child at some point.

2. IDENTIFYING CHILDREN AND YOUNG PEOPLE WHO ARE SUFFERING OR LIKELY TO SUFFER SIGNIFICANT HARM

Teachers and other adults in school are well placed to observe any physical, emotional or behavioural signs which indicate that a child may be suffering significant harm. The relationships between staff, pupils, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns.

Definitions

As in the Children Acts 1989 and 2004, a **child** is anyone who has not yet reached his/her 18th birthday.

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say and how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as

involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

3. TAKING ACTION TO ENSURE THAT CHILDREN ARE SAFE AT SCHOOL AND AT HOME

All staff and volunteers follow the NYSCB Child Protection Procedures and Guidance www.safeguardingchildren.co.uk which are consistent with *Keeping Children Safe in Education July 2016*; *Working Together to Safeguard Children 2015* and *What To Do If You Are Worried A Child is Being Abused 2015*

It is **not** the responsibility of the school staff to investigate or determine the truth of any disclosure or allegation of abuse or neglect. All staff, however, have a duty to recognise concerns and maintain an open mind. They must not assume that indicators of possible abuse such as behaviour, mood and injury relate to a child's disability without further exploration. They must remain alert to the fact that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs. Accordingly all concerns indicating possible abuse or neglect will be recorded and discussed with the DSL (or in his/her absence with the person who deputises) prior to any discussion with parents.

a) Staff must immediately report:

- any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play

- any explanation given which appears inconsistent or suspicious
- any behaviours which give rise to suspicions that a child may have suffered harm (e.g. significant changes in behaviour, worrying drawings or play)
- any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment
- any concerns that a child is presenting signs or symptoms of abuse or neglect
- any significant changes in a child's presentation, including non-attendance
- any hint or disclosure of abuse or neglect received from the child, or from any other person, including disclosures of abuse or neglect perpetrated by adults outside of the family or by other children or young people
- any concerns regarding person(s) who may pose a risk to children (e.g. staff in school or person living in a household with children present) including inappropriate behaviour e.g. inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images.

b) Responding to Disclosure

Disclosures or information may be received from pupils, parents or other members of the public. School recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly all staff will handle disclosures with sensitivity by giving the child opportunity to speak away from other children and the chance to speak to an adult that they choose to.

Such information cannot remain confidential and staff will immediately communicate what they have been told to the DSL and make a contemporaneous record. If in doubt about recording requirements staff should discuss with the DSL

c) Principles

Staff will not investigate but will, wherever possible, elicit enough information to pass on to the DSL in order that s/he can make an informed decision of what to do next.

Staff will:

- listen to and take seriously any disclosure or information that a child may be at risk of harm
- try to ensure that the person disclosing does not have to speak to another member of school staff
- clarify the information
- try to keep questions to a minimum and of an 'open' nature e.g. 'Can you tell me what happened ?' rather than 'Did x hit you?'
- not ask leading questions
- try not to show signs of shock, horror or surprise
- not express feelings or judgements regarding any person alleged to have harmed the child
- explain sensitively to the person that they have a responsibility to refer the information to the senior designated person
- reassure and support the person as far as possible
- explain that only those who 'need to know' will be told
- explain what will happen next and that the person will be involved as appropriate and be informed of what action is to be taken

d) Action by the DSL (or Deputy DSL in their absence)

The following actions will be taken where there are concerns about significant harm to **any child, including where there is already an open case to Children's Social Care**, (e.g. Looked After Child)

Following any information raising concern, the DSL will consider:

- any urgent medical needs of the child

- whether to make an enquiry to the Customer Service Centre **01609 780780** to establish if the child is or has been subject of a Child Protection Plan.
- discussing the matter with other agencies involved with the family
- consulting with appropriate persons e.g. Prevention Service, Children's Social Care ref. Appendix C
- the child's wishes and any fears or concerns s/he may have

Then decide:

- wherever possible, to talk to parents, unless to do so may place a child at risk of significant harm, impede any police investigation and/or place the member of staff or others at risk
- whether to make a child protection referral to Children and Families' Service because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately
OR
- not to make a referral at this stage
- if further monitoring is necessary
- if it would be appropriate to undertake an assessment (e.g. CAF) and/or make a referral for other services

All information and actions taken, including the reasons for any decisions made, will be fully documented. All referrals to Children and Families' Service will be accompanied by a standard referral form

<http://www.safeguardingchildren.co.uk/professionals/forms-for-professionals>

e) Action following a child protection referral

It is the responsibility of all staff to safeguard children. It is the role of the DSL (or appropriately trained Deputy DSL.) to attend multi-agency meetings and provide reports for these. Other staff in school, however, may be asked to contribute.

The DSL will:

- make regular contact with Children's Social Care
- contribute to the Strategy Discussion and all assessments
- provide a report for, attend and contribute to any subsequent Child Protection Conference
- if the child has a Child Protection Plan, contribute to the Child Protection Plan and attend Core Group Meetings and Review Child Protection Conferences
- where possible, share all reports with parents prior to meetings
- where in disagreement with a decision made e.g. not to apply Child Protection Procedures or not to convene a Child Protection Conference, follow the NYSCB procedures
<http://www.safeguardingchildren.co.uk/professionals/professional-resolutions>

- where there is significant information in respect of a child subject to a Child Protection Plan, **immediately** inform the key worker or his/her manager in Children's Social Care e.g. any significant changes or concerns, departures from the CP plan, child moves/goes missing,/is removed from school or fails to attend school

f) Recording and monitoring

School will record:

- Information about the child : name (aka) address, d.o.b., those with parental responsibility, primary carers, emergency contacts, names of persons authorised to collect from school, any court orders, if a child is or has been subject to a CP Plan
- Key contacts in other agencies including GP details
- Any disclosures/accounts from child or others, including parents (and keep original notes)
- Significant contacts with carers/other agencies/professionals
- All concerns, discussions, decisions, agreements made and actions taken and the reasons for these (dated, timed and signed, to include the name and agency/title of the person responsible/ spoken to), the plan to protect the child and arrangements for monitoring/review

All records should be objective and include:

- Statements, facts and observable things (what was seen/heard)
- Diagram indicating position, size and colour of any injuries (not photograph)
- Words child uses, (not translated into 'proper' words)
- Non-verbal behaviours

All C.P. documents will be retained in a 'Child Protection' file, separate from the child's main file. This will be locked away and only accessible to the headteacher and DSL. The file will be transferred as soon as possible to any school or setting the child moves to, clearly marked 'Child Protection, Confidential, for attention of DSL.' The file will be transferred separately from the main pupil file, ensuring secure transit and obtaining confirmation of receipt. The final school will retain the C.P. file until the child's 25th birthday.

If the child goes missing from education or is removed from roll to be educated at home then any Child Protection file should be copied and the copy sent to the Safeguarding Unit Manager, County Hall, Northallerton, DL7 8AE.

When sharing confidential information about a member of staff or pupil, the school has regard to its responsibilities under the Data Protection Act (DPA) 1998 and where relevant, the Education (Pupil Information)(England) Regulations 2005 and the Freedom of Information Act 2000.

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

School will monitor:

Any cause for concern including where there could be serious child welfare concerns:

- Injuries/marks
- Attendance
- Changes e.g. mood/ academic functioning
- Relationships
- Language
- Behaviour
- Demeanour and appearance
- Statements, comments
- Medicals
- Stories, 'news', drawings
- Response to P.E./Sport
- Family circumstances
- Parental behaviour/ care of child

The DSL will review all monitoring arrangements in the timescale and manner determined by circumstances, recorded and clearly understood by all concerned

f) Supporting the Child and Partnership with Parents

- School recognises that the child's welfare is paramount, however good child protection practice and outcome relies on a positive, open and honest working partnership with parents
- Whilst we may, on occasion, need to make referrals without consultation with parents, we will make every effort to maintain a positive and supportive working relationship with them whilst fulfilling our duties to protect any child
- We will provide a secure, caring, supportive and protective relationship for the child
- Children will be given a proper explanation (appropriate to age & understanding) of what action is being taken on their behalf and why
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child and parents. The Designated Senior Person will determine which members of staff "need to know" personal information and what they "need to know" for the purpose of supporting and protecting the children.

SAFEGUARDING APPENDICES

A. Allegations regarding person(s) working in or on behalf of school provision (including volunteers)

Where an allegation is made against any person working in or on behalf of the school (including where that person is no longer working in or on behalf of the school and/or the allegation is historical) that he or she has:

- a. behaved in a way that has harmed a child or may have harmed a child
- b. possibly committed a criminal offence against or related to a child or
- c. behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

school will apply the same principles as in the rest of this document.

School will always follow:

the NYSCB procedures *Managing Allegations against Staff & Volunteers*
<http://www.safeguardingchildren.co.uk/professionals/managing-allegations-against-staff>

DfE Guidance *Keeping Children Safe in Education* 2016
<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

and NYCC Guidance
<http://cyps.northyorks.gov.uk/index.aspx?articleid=13496>

Detailed and accurate records will be made to include decisions, actions taken, and reasons for these. Records of all incidents and concerns about staff will be kept in order that historical patterns can be detected. All records will be retained securely in a locked filing cabinet in the office. Whilst we acknowledge such allegations, (as all others), may be false, malicious or displaced, we also acknowledge they may be founded. It is, therefore, essential that all allegations are investigated properly and in line with agreed procedures.

Initial Action

- The person who has received an allegation or witnessed an event **MUST** immediately inform the headteacher and make a record and have regard to the school's whistleblowing procedure
- In the event that an allegation is made against the headteacher the matter will be reported to the Chair of Governors who will proceed as the 'headteacher'
- In the event of allegations of abuse being made against the headteacher, where the headteacher is also the sole proprietor of an independent school, allegations are reported directly to the LADO.

- The headteacher will take steps, where necessary, to secure the immediate safety of children and any urgent medical needs
- The member of staff will not be approached at this stage unless it is necessary to address the **immediate** safety of children
- The headteacher may need to clarify any information regarding the allegation, however no person will be formally interviewed or asked to write a formal statement at this stage
- The headteacher will consult with Local Authority Designated Officer LADO (see Appendix C Contacts List) in order to determine if it is appropriate for the allegation to be dealt with by school or if there needs to be a referral to social care and/or the police for investigation
- Consideration will be given throughout to the support and information needs of pupils, parents and staff
- The headteacher will inform the Chair of Governors of any allegation.

Where an Early Years' provider is registered with OfSTED, the provider must inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere). The provider must also notify Ofsted of the action taken in respect of the allegations. These notifications must be made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made. Please also see additional requirements in the EYFS 2014.

(School may wish to expand this section to include procedures with reference to NYSCB Procedures and NYCC Disciplinary Procedures).

B. Confidentiality

School has regard to DfE guidance on Information Sharing @ <https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

“Where there is a concern that the child may be suffering or is at risk of suffering significant harm, the child’s safety and welfare must be the overriding consideration. “

School ensures the child’s wishes or feelings are taken into account when determining what action to take and what services to provide to protect individual children through ensuring there are systems in place for children to express their views and give feedback. School ensures that staff members do not promise confidentiality to the child and always act in the interests of the child.

The school confidentiality policy indicates:

- a) when information must be shared with police and Children and Families’ Service where the child/young person is / may be at risk of significant harm
- b) when the pupil’s and/or parent’s confidentiality must not be breached

D. Curriculum

The school is committed to ensuring that pupils are aware of behaviour towards them that is not acceptable, how they can keep themselves safe and how to complain. All pupils know that we have Designated Safeguarding Lead with responsibility for child protection and know who this is. We inform pupils of whom they might talk to, both in and out of school, their right to be listened to and heard and what steps can be taken to protect them from harm.

The school is committed to ensuring there are opportunities in the school curriculum, for example through the Personal, Social, Health Education (PSHE) curriculum and by providing an age-related, comprehensive curriculum, for pupils to be taught about aspects of safeguarding in order to develop the knowledge and skills they need to recognise and stay safe from abuse, including on-line safety. We do this by:

- developing healthy relationships and awareness of domestic violence, bullying, child sexual orientation, gender-based violence, hate, relationship abuse, faith abuse and abuse

- recognising and managing risks including online, including cyber bullying and online grooming for sexual exploitation and radicalisation enabling pupils to become safe and responsible users of technologies and the impact of new technologies on sexual behaviour, for example sexting and accessing pornography
- enabling pupils to develop knowledge, skills and attitudes consistent with the promotion of fundamental British values
- recognising how pressure from others can affect their behaviour, including the risks of radicalisation to extremist behaviour
- ensuring pupils have the opportunity to discuss controversial issues and develop tolerance and respect for others
- raising awareness of female genital mutilation and forced marriage
- making available appropriate local and online advice

Additional aspects of safeguarding included in the curriculum are risks associated with:

- substance misuse
- gangs and youth violence
- mental health
- water, fire, roads and railways

The school has updated the curriculum aspects of related policies to ensure that they are aligned to our child protection policy. This includes the school's online safety, sex and relationships, substance misuse, smoke-free policy and anti-bullying policies.

The school recognises the statutory duty, since April 2014, to publish information about the content of our PSHE curriculum on our school website.

The school recognises the importance of using age appropriate curriculum resources and ensuring that there is a safe climate for learning which includes the setting of ground rules.

Parents /carers are invited to view any resources and discuss any concerns they have over any curriculum content within our PSHE curriculum provision. Arrangements can be made by contacting Mrs. Robson our PSHE leader in the first instance.

Training needs of staff are regularly reviewed to ensure that staff who are delivering safeguarding aspects of PSHE or online safety have the appropriate knowledge and skills.

The school monitors and evaluates the impact of the safeguarding taught curriculum provision through our school based monitoring and evaluation processes which include lesson observation, work scrutiny, feedback from pupils, staff and parents/carers, data from the bi-annual Growing Up in North Yorkshire survey.

NSPCC ChildLine Schools' Service available for Primary Schools contact:
Tracey Weaver Area Coordinator Childline School Service North Yorkshire
Tel: 07792654739, Tracey.Weaver@NSPCC.org.uk

The following Information is made available to pupils: posters for helplines such as NSPCC Childline, NSPCC talks with upper key stage 2 and Online Safety talks with our local police officer.

School's arrangements for consulting with and listening to pupils are via the school council, Growing up in North Yorkshire Survey and via PSHE lessons in school.

We make pupils aware of these arrangements by discussing in PSHE lessons, assemblies and via circle time sessions with classes.

E. Curriculum resources

Under the EYFS Section 3 – the safeguarding and welfare requirements - schools are not required to have separate policies provided these requirements (identified below by paragraph number in EYFS Section 3) are already met through existing policies. School may wish to include the following requirements in the policies as suggested below (in red):

You must ensure that:

- the school has equipment for taking images so that staff do not use their own personal equipment;
- the arrangements for the secure storage of staff's personal equipment whilst at work are made clear;
- in personal emergencies staff and volunteers should be contacted via the setting telephone.
- all devices which have a camera, video and/or internet access are used appropriately;

G. Partnership with Parents

The school shares a purpose with parents to keep children safe from harm and to have their welfare promoted. *(School may wish to include here any information provided to parents on keeping children safe and how they can report concerns if they are worried a child is at risk of harm e.g. by alerting them to the information for parents on the following websites:*

NYSCB www.safeguardingchildren.co.uk

Parents Protect www.parentsprotect.co.uk

<http://www.direct.gov.uk/en/Parents/Schoolslearninganddevelopment/YourChildsWelfareAtSchool/index.htm>

We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to protect a child.

School will share with parents any concerns we may have about their child unless to do so may place a child at risk of harm (see Section 3: 3 Action by Designated Senior Person)

We encourage parents to discuss any concerns they may have with Mrs. Barber (headteacher).

The child protection policy should be available publicly either via the school or college website or by other means.

We make parents aware of our policy via the school website.

H. Partnerships with other agencies

The school recognises that it is essential to establish positive and effective working relationships with other agencies e.g. Prevention Service, Children and Families Service, Police, Health, District Council, NSPCC ChildLine Schools' Service, Children's Centres etc.

All schools and colleges should allow access for children's social care or preventative service from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, an assessment including under section 17 or section 47. Consent from the parent and child (where of sufficient age and understanding) is required for assessments by the preventative service or under section 17.

School complies with the requirement under the Children Act 2004 to co-operate with other organisations and agencies in activities relating to children

I. PREVENT

In order to fulfil the Prevent duty, it is essential that staff are able to identify children who may be vulnerable to radicalisation, and know what to do when they are identified. Protecting children from the risk of radicalisation is seen as part of schools' wider safeguarding duties, and is similar in nature to protecting children from other harms (e.g. drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences.

Schools can also build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views. The Prevent duty is not intended to stop pupils debating controversial issues. On the contrary, school should provide a safe space in which children, young people and staff can understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments. The statutory framework for the Early Years Foundation Stage sets standards for learning, development and care for children from 0-5, thereby assisting their personal, social and emotional development and understanding of the world.

Roles and responsibilities:

- The strategic Prevent lead in school is
- If not the DSP, s/he liaises with the DSP at all times
- S/He understands the expectations and key priorities to deliver Prevent and this is embedded within safeguarding procedures
- The senior leadership team and governing body are aware of the Prevent Strategy and its objectives
- There is a clear awareness of roles and responsibilities throughout the school. college, setting regarding Prevent
- The Prevent agenda and its objectives has been embedded within the appropriate safeguarding processes
- The school's premises do not give a platform for extremist speakers and events
- School provides a broad and balanced curriculum that helps protect pupils against extremism and promotes community cohesion: (see Appendix D)
- Links to curriculum resources can be found in the PSHE Entitlement Framework and in the Prevent and SMSC Rooms on 'Fronter'

Training:

- A training plan is in place so that key staff, including senior leaders, understand the risk of radicalisation and extremism and know how to recognise and refer children who may be vulnerable

- Details of training courses including frequency and availability are cascaded to all relevant staff
- Further training on the Prevent agenda is made available to the Safeguarding, pastoral and PSHE leads where appropriate
- There is appropriate staff guidance and literature available to staff on the Prevent agenda
- Staff are aware of curriculum resources and teaching strategies to teach pupils about extremism and the risk of radicalisation
- All staff in the organisation have accessed appropriate prevent training for their role

A programme of 'Prevent' training and consultancy is available to schools through **SmartSolutions Online**: www.northyorks.gov.uk/smartsolutions

Level 1 Prevent training: 2 hour session including WRAP3 for SLT, governors, DSL, Pastoral, PSHE and RE leads. Offered as central training or can be booked for in school training.

J. Pupil Information

In order to keep children safe and provide appropriate care for them the school requires accurate and up to date information regarding:

- Names (including any previous names), address and date of birth of child
- Names and contact details of persons with whom the child normally lives
- Names and contact details of all persons with parental responsibility (if different from above)
- Emergency contact details (if different from above)

L. Safer Recruitment and Selection

The school pays full regard to DfE guidance *Keeping Children Safe in Education 2016*; the Protection of Freedoms Act 2012; the Childcare (Disqualification) Regulations 2009 and NYCC Schools' Recruitment procedures and guidance (login required)
<http://cyps.northyorks.gov.uk/index.aspx?articleid=14457>

We ensure that all appropriate measures are applied in relation to everyone who works in or on behalf of the school who is likely to be perceived by the children as a safe and trustworthy adult and follow NYCC guidance insert link on checking contractors, host families for educational visits and work experience providers links to School Improvement guidance.

Safer recruitment practice includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. When undertaking interviews, the school has regard to the principles of Value Based Interviewing www.nspcc.org.uk

Where appropriate, the school undertakes checks of/has regard to:

- the Disclosure and Barring Service (DBS) Children's
- the Teacher prohibition list and has regard to
- the requirements of the Childcare (Disqualification) Regulations 2009
- any Section 128 direction (Independent Schools)

All NYCC school staff are made aware that they are required to notify the line manager of any convictions or cautions during employment with the Council or receive a Penalty Notice for Damage or Penalty Notice for Disorder. For those who drive on business at any point during their employment (Authority's vehicle or own vehicle), this includes all motoring offences dealt with through the courts and penalty points on driving licences - whether awarded by a court or through fixed penalty notices.

Early Years' Staff are made aware that they are expected to disclose any convictions, cautions, court orders, reprimands and warnings which may affect their suitability to work with children (whether received before or during their employment at the school/setting) or any circumstances which could lead to consideration of disqualification.

Statutory changes, underpinned by regulations, are that:

- schools must keep a single central record detailing a range of checks carried out on their staff (including supply staff, and teacher trainees on salaried routes) who work at the school and for independent schools, including academies and free schools, all member of the proprietor body.
- an Enhanced DBS check is obtained for **all** new paid appointments to the school's workforce
- an Enhanced DBS check is obtained for volunteers further to a risk assessment considering the regularity, frequency, duration and nature of contact with children and the level of supervision of the volunteer by another person engaging in regulated activity (see paragraphs 122-128, Annex F *KCSiE 2016*)
- schools will ensure that any contracted staff are DBS checked where appropriate (see paragraphs 135-158 *KCSiE 2016*)

Since 1 January 2010 it has been mandatory that any appointments of maintained school staff are made by a recruitment panel that includes at least one person who has been trained in safer recruitment. Ofsted will request evidence as part of their inspections that each recruitment panel meets this requirement.

Visitors

“Schools do not have the power to request DBS checks and barred list checks, or ask to see DBS certificates, for visitors (for example children's relatives or other visitors attending a sports day). Headteachers and principals

should use their professional judgment about the need to escort or supervise visitors.”
KCSiE 2016

M. Safer Working Practice

“All staff members should be aware of systems within their school which support safeguarding and these should be explained to them as part of staff induction. This includes: the school’s child protection policy; the school’s staff behaviour policy (sometimes called a code of conduct); and the role of the designated safeguarding lead.”

KCSiE 2016

Staff behaviour policy

Schools are required to have in place a staff behaviour policy, (sometimes called a code of conduct). It is recommended that the school adopts and makes all staff and volunteers aware on induction of the *Guidance for Safer Working Practice for those working with Children and Young People in Education Settings*

<http://www.safeguardingchildren.co.uk/professionals/safer-working-practice>

and information provided by NSPCC

<http://www.nspcc.org.uk/preventing-abuse/child-abuse-and-neglect/grooming/>

to ensure that staff are aware of behaviours which should be avoided and that staff and children are safe.

<http://www.saferrecruitmentconsortium.org/>

Safer working practice ensures that pupils are safe and that all staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions;
- work in an open and transparent way;
- discuss and/or take advice from school management over any incident which may give rise to concern;
- record any incidents or decisions made;

- apply the same professional standards regardless of gender or sexuality;
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them;

N. School Training and Staff Induction

School governors and proprietors are responsible for ensuring that their staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children and creating an environment where staff feel able and are supported in their safeguarding role.

All staff (including temporary staff, school governors and volunteers) are provided with the school's child protection policy and informed of school's child protection arrangements on induction.

All staff should read at least part one and Annex A of *Keeping Children Safe in Education July 2016*

All staff should complete training as outlined below and as identified in the school Training Needs' Analysis.

- The school's **DSL** undertakes basic child protection training; reads the NYCC Induction pack available at <http://cyps.northyorks.gov.uk/index.aspx?articleid=13496>; attends the *Comprehensive Child Protection Pathway* course available via SmartSolutions and updates training at least every 2 years as identified in the school Training Needs analysis and refreshes their knowledge and skills (this might be via e-bulletins, meeting other DSLs, or simply taking time to read and digest safeguarding developments) at regular intervals but at least annually, to allow them to understand and keep up with any developments relevant to their role..

O. Supervision, Support and Advice for Staff

All staff are given sufficient time, funding, supervision and support to fulfil their child welfare and safeguarding responsibilities effectively.

At Fylingdales school, supervision provides support, coaching and training for staff and promotes the interests of children and fosters a culture of mutual support, teamwork and continuous improvement which encourages the confidential discussion of sensitive issues.

Supervision provides opportunities for staff to:

- discuss any issues – particularly concerning children’s development or well-being;
- identify solutions to address issues as they arise; and
- receive coaching to improve their personal effectiveness.

Regular staff appraisals are carried out to review their practice to ensure they improve; identify any training needs and secure opportunities for continued professional development for staff.

Staff will be supported and supervised by Mrs Claire Barber (Headteacher)
The designated safeguarding lead will be supported by Mrs Wendy Weekes (link governor).

Child Protection advice and support is available from Diane Leith- 01609 532479

Q. Private fostering

Private fostering is where children and young people under the age of 16, or 18 if disabled, are looked after by someone who is not a parent or close relative - grandparent, aunt, uncle, brother or sister - for more than 28 days. The law says you must tell us if you care for a child under a private fostering arrangement.

Examples of private fostering include:

- children and young people living apart from their families;
- minority ethnic children with parents working or studying in the UK;
- children with parents overseas;
- children living with host families or "education guardians" for a variety of reasons; and
- children on holiday exchange.

If you are planning to have your child privately fostered, you should [contact our customer services centre](#) six weeks before the arrangement starts. If it is an emergency arrangement, or the child is already privately fostered, contact us immediately. We will arrange for a social worker to visit within seven days of receiving the notification and, after speaking to the parents, carers and child, will prepare an assessment. The social worker will get to know the child and carers and keep records of how the arrangement is working. It is an offence to refuse to allow a child to be visited.

Professionals and the public are encouraged to notify us about private fostering arrangements so that action can be taken to check those arrangements are suitable for the child.

R. Female Genital Mutilation (FGM)

FGM is defined by the world health organisation as 'All procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons'.

Signs to look out for include:

At risk of FGM:

- The family comes from a community which is known to practice FGM
- Parents requesting to take the child out of school for 2 weeks before or after a summer holiday.
- A child talking about a long holiday to a country where the practice is prevalent.
- The child talking about becoming a woman or rites of passage.
- A child talking about new clothing or special outfits
- Becoming withdrawn or acting out of character.
- A child may confide in a professional that she is about to undergo a special procedure or attend a special occasion.

Been subject to:

- A child may spend long periods of time away from the classroom during the day (urinary/ menstrual problems)
- Prolonged absences from school
- Noticeable behaviour changes on a girl's return from a long absence.
- A child requiring excusing from physical education without support from a GP and often using the excuse that girls of that faith cannot exercise.
- A child may confide in a professional or ask for help

Professionals who have encountered a child who has experienced FGM must be mindful of younger siblings/ children in the future.

You are under a duty to notify the police if you are in a regulated profession and in the course of your work believe that an act of female genital mutilation has been carried out on a girl who is under 18.

S. Child Sexual Exploitation

CSE is a form of sexual abuse where a young person is manipulated or forced into taking part in a sexual act. This could seem a seemingly consensual relationship or in return for attention, affection, money, drugs, alcohol or somewhere to stay.

Signs to look out for include:

- Going missing for periods of time or regularly returning home late
- Poor attendance/ persistent absenteeism
- Appearing with unexplained gifts or new possessions.
- Associating with other young people involved in CSE
- Having older boyfriends and girlfriends

- Suffering from sexual transmitted infections
- Mood swings or changes in emotional well being
- Drug and alcohol misuse
- Displaying inappropriate sexualised behaviour
- Appearing anxious.

Children and young people who are victims of CSE often do not realise they are being exploited.
